PUR coated homogeneous sheet & tile / Manufactured in Europe

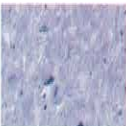

- The protective polyurethane finish reduces initial and ongoing maintenance and scratch resistance.
- Excellent durability and good stain resistance.
- Very good resilience and resistance to indentation, rolling loads and scratch.
- Heat welding blocks dirt and moisture penetration for cleaner looking, more aseptic seams.
- 36 scattered, non-directional chip pattern and color-coordinated weld rods for design flexibility.
- Application: education, healthcare, hotels, retails and office interiors.

TECHNICAL INFORMATION

Requirement	Type of floor covering Plastics basis Pattern Flammability Slip resistance Dynamic coefficient of friction Impact sound reduction Decontamination	EN 649 EN 13501-1 BGR 181 EN 13893 ISO 140-8 ISO 8690	Homogeneous with PUR coating Polyvinylchloride Scattered / Non directional B - s1 R9 DS 3 dB Good
